Main Bio

Jason Boal is an Urban Planner who is certified by the American Institute of Certified Planners. Jason provides complete due diligence, entitlement, and development services for the firm's clients, through the entire lifecycle of a project, from concept to occupancy and operation. With over 15 years of experience in the urban planning realm, Jason provides a knowledgeable perspective into the complex governmental processes, including entitlements (rezoning's, conditional use permits, variances and appeals), land division (subdivisions, lot splits, easements and abandonments of public rights-of-way), and construction permitting (design review approvals, site plan approvals and construction plan reviews).

Jason Boal is not admitted to practice law.
